

The All-New ISATA

1999

Sport Sedan

Spacious bedroom in Model C290 has a walkaround queen bed with 6 1/2" innerspring mattress, awning style crank-out windows, day-night shades, twin nightstands and generous underbed storage. Shown w/optional cherry cabinetry and Corian® counters.

ISATA
MOTORCOACH

DYNAMAX Corporation

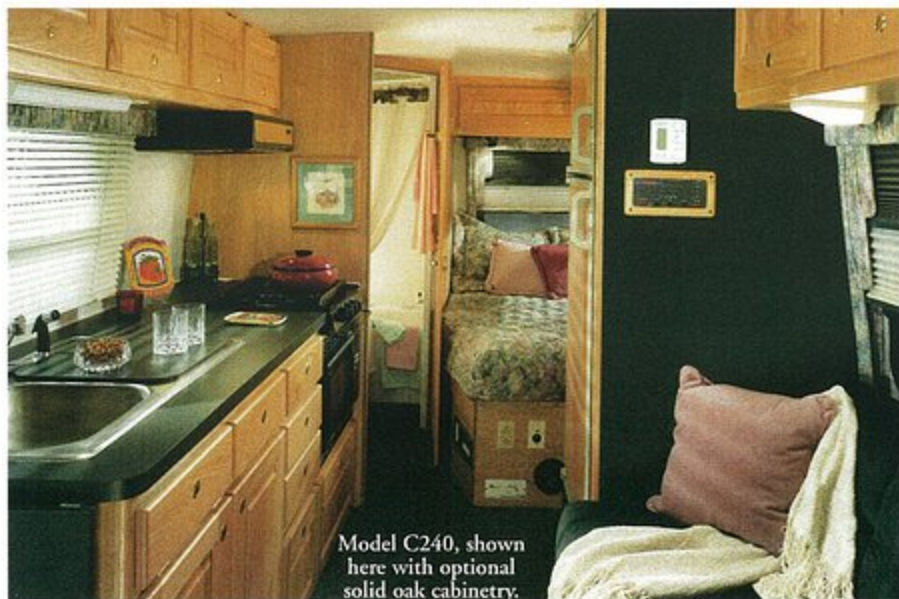

Destined To Lead A Class Of Its Own

As the world's premium quality downsize/upscale Class C motorhome, the ISATA Sport Sedan simply has no equal.

Full time, full-feature beds, bath, kitchen and living areas, without the gimmicks or compromises of many smaller motorhomes; without the intimidating bulk of big buses.

Above, this impressive kitchen layout, is found in the C290 and C292. Range, convection/microwave and exhaust hood are standard; solid cherry cabinets and Corian® countertops are optional.

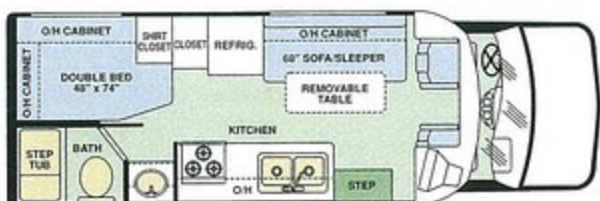

Model C240, shown here with optional solid oak cabinetry.

The well-planned front cab preserves maximum headroom for easy access to the front seats; integrated entertainment center in a stylish, functional unit. Optional backup monitor, videotape player and multi-disc CD changer shown.

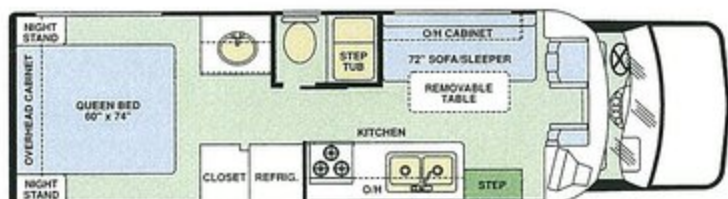

More steel, aluminum, welds and bolts, mean more strength, durability, and performance. Note how aluminum surrounds all through-wall openings; how steel surrounds the front passenger space.

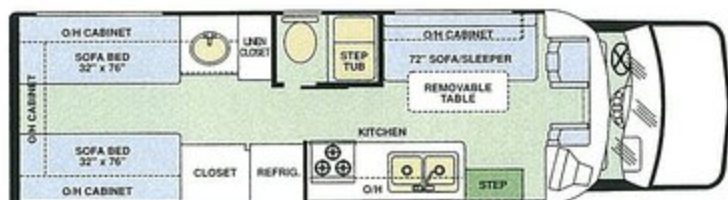

Model C240: Rear Bedroom, Corner Double Bed

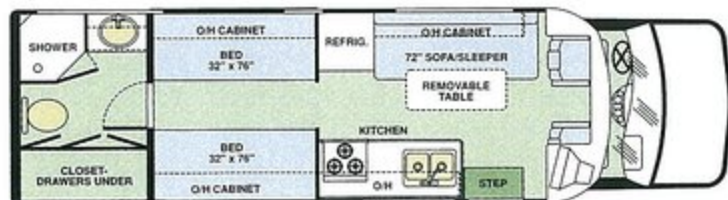

Model C242RB: Rear Bathroom, Twin Beds

Model C290: Rear Bedroom, Queen Walkaround Bed

Model C292: Rear Bedroom, Twin Beds

Model C292RB: Large Rear Bath, Twin Beds
