T H E R E V O L U T I O N H A S

R E V O

When design engineers gathered in the Fleetwood War Room and drew up plans for the Revolution, our strategy was very clear. We needed to meet the growing demand for a high-end looking coach at a mid-range price. As you can see, the Revolution has definitely delivered the first strike. From its sleekly molded body design and stunning graphics to its menacing headlights...this cat is armed and ready for battle.

So brace yourself and hang on for the ride of a lifetime as Revolution leads the charge into 2002.

On board, you'll quickly discover that Revolution is a motor home with an "attitude". A take charge attitude that puts you in control.

There's nothing shy or retiring about a Revolution interior. Every feature is purposely designed to make a bold statement. From color schemes and furnishings to an array of electronic bells and whistles including a 27" TV, optional DVD player, CD player and satellite dish.

W E L C O M E T O C O M M A N D C E N T R A L

Trust us, in this Revolution your air-conditioned living quarters are a far cry from any military installation. Because in this motor home, you'll have all the amenities of a five star general.

A N D

For example, the galley in this ship features Corian® countertops, ceramic tile floor, hardwood cabinet doors, a bench style or free style dinette and fully equipped kitchen including a microwave and conventional oven, and a large four door refrigerator.

Your sleeping quarters are sure to pass inspection for both comfort and functionality. In fact, you'd never know a 330 horsepower Cummins engine lies under your bed, due to sound resistant insulation. We know you'll also appreciate the emphasis we've placed on storage, with a deeper wardrobe and plenty of drawers. For a little R & R, a large 20" TV swivels out and stows away when not in use. And, morning revelry often calls for a quick yet private shower in a large stall with overhead skylight. Hardly regulation, but always a welcome way to start the day in a Revolution.

The commander of this unit is sure to enjoy manning the helm with Smart Wheel. A combination steering column, telescoping steering wheel and gauge panel that tilts at the same time for maximum navigating comfort. It also has fingertip controls built into the steering wheel for cruise control, headlights and windshield wipers.

Batten down the hatches and man the torpedoes! The secret to victory in this Revolution is "accessibility".

Left and right fuel fills, separate water and sewer access, pass through storage, optional 54" and 94" slide-out storage trays, and a rear fan cooled radiator and service access are just a few examples of "revolutionary accessibility". The key maneuver in this operation, however, is open and unobstructed side access to all quick connect wiring and fuses to save you both service time and money.

Fuel Capacity (gal.)	100	100	100	Water Heater Tank	10 gal	10 gal	10 gal

Liquid Weight Reference: Water (gal.) = (8.3 lbs./3.8 kgs.), Fuel (gal.) = (7.1 lbs./3.2 kgs.), LPG (gal.) = (4.5 lbs./2.0 kgs.)

Metric Conversion: Multiply pounds x 0.453 to obtain kilograms, Multiply gallons x 3.785 to obtain liters

- (1) GVWR (Gross Vehicle Weight Rating): Means the maximum permissible loading weight of the motor home. GVWR is equal to or greater than the sum of the unloaded vehicle weight plus the net carrying capacity.
- (2) GAWR (Gross Axle Weight Rating): Means the maximum permissible loaded weight a specific axle is designed to carry.
- (3) Base Weight: Means the weight of the motor home without fuel, options, water, cargo or passengers.
- (4) GCWR (Gross Combined Weight Rating): Means the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacity may differ. Refer to Fleetwood and chassis manufacturer manuals for complete information.
- (5) Length taken from front bumper to rear bumper (excludes accessories).
- (6) Excludes safety equipment and awnings.
- (7) Tank Manufacturer's listed water capacity (WC). Actual LPG capacity is 80% of water listed as required by the safety code.

* The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing.

The Revolution wages on long after the sale.

LIMITED ONE-YEAR/THREE-YEAR WARRANTY

Leaving the Fleetwood RV dealership after you've purchased your RV doesn't mean leaving each dealer's commitment to your satisfaction behind. OWNERCARE, Fleetwood's extensive warranty and service program, provides one/three year(s) of dedicated customer satisfaction. OWNERCARE stands out as one of the RV industry's most comprehensive programs and includes systems and applications, construction, no deductible and no service charge. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.

FULLY TRANSFERABLE

At Fleetwood RV, we're confident in our products and don't hesitate to stand behind them. Your newly purchased Fleetwood RV comes with one of the industry's most comprehensive warranties, fully transferable for the first 12 months.

NATIONAL COVERAGE

Have a question about your new Fleetwood RV? We've got it covered. The nation's largest trained dealer network ready, willing and able to provide you with the services you need to make every moment of owning your RV enjoyable. Over 1,100 Fleetwood dealers throughout the U.S. and Canada are available to you. With national coverage, peace of mind and complete satisfaction are just a phone call away.
