Classic Styling, Complete Comfort

No matter where the road takes you, you'll always be surrounded by luxury when you choose the Empress Limited Edition. This splendid motorhome starts with the already elegant and celebrated Empress model and takes it a step further.

Crafted with absolute top of the line materials, the interior boasts rich ultra leather upholstery, heated ceramic tile flooring, sculptured cabinetry, and deluxe fixtures. The impressive 38 foot body and slide outs are built on a formidable Freightliner chassis and powered by a Caterpillar 330HP Turbo Diesel engine.

Nothing was spared in the construction, which you'll appreciate on especially long trips.

Inside, you'll find the features, options, and amenities of home, to comparable standard. An oak table and chairs, 32" and 20" TVs, central vacuum unit, and microwave/convection oven are a mere few of the features you'll enjoy.

Uncompromising attention to style and a focus on your complete and total comfort are the touchstones of the introductory 2002 Empress Limited Edition.

TRIPLE E QUALITY

A Triple E Empress Limited Edition motorhome is a combination of first-class materials and quality function controlled construction.

Built with a solid foundation, integrity is never compromised – inside and out.

Exteriors are virtually maintenance free and abrasion resistant. The domed roof allows for quick water run-off and an EPDM membrane both serves to protect against leaks and contributes to energy-efficiency.

Cabinetry is constructed with screws rather than staples to ensure structural integrity and durability.

Both strong and moisture repellent, the solid oak doors are a front to ample storage space.

Designer interior decors are a mixture of style and functionality – with quality fabrics developed to handle years of wear while meeting or exceeding flame retardant standards.

All Triple E products are built to CSA (Canadian Standards Association) or RVIA (Recreational Vehicle Industry Association) Standards. Triple E was one of the first RV manufac-

turers to obtain the ISO 9002
certification – your assurance of
the careful construction and high
quality materials that are part
and parcel of every Triple E
Recreational Vehicle.

on structure as well as most major components.

Please see your dealer for further details.

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Empress Limited Edition motorhomes exceed 96 inches in width. In some states 96 inches is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel.

COACH NET

Triple E is a proud partner of Coach Net, an extensive support program that provides complete and fully paid roadside assistance, emergency road service, and special warranty support benefits that follow you throughout Canada and the US. Service is free for the first year of ownership and is available at a nominal fee for subsequent years.

Coach Net's 24-hour Customer Care includes:

- Emergency roadside assistance including tow vehicle
- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and color maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery, and lock out service

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UNLOADED VEHICLE WEIGHT means the weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, factory or dealer installed

NET CARRYING CAPACITY means the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. (NCC is equal to or less than GVWR minus UVW.)

NOTE: Please see your dealer for weights of factory installed options.

CHASSIS

FREIGHTLINER (XC Series)

Classic Styling, Complete Comfort

No matter where the road takes you, you'll always be surrounded by luxury when you choose the Empress Limited Edition. This splendid motorhome starts with the already elegant and celebrated Empress model and takes it a step further.

Crafted with absolute top of the line materials, the interior boasts rich ultra leather upholstery, heated ceramic tile flooring, sculptured cabinetry, and deluxe fixtures. The impressive 38 foot body and slide outs are built on a formidable Freightliner chassis and powered by a Caterpillar 330HP Turbo Diesel engine.

Nothing was spared in the construction, which you'll appreciate on especially long trips.

Inside, you'll find the features, options, and amenities of home, to comparable standard. An oak table and chairs, 32" and 20" TVs, central vacuum unit, and microwave/convection oven are a mere few of the features you'll enjoy.

Uncompromising attention to style and a focus on your complete and total comfort are the touchstones of the introductory 2002 Empress Limited Edition.

TRIPLE E QUALITY

A Triple E Empress Limited Edition motorhome is a combination of first-class materials and quality function controlled construction.

Built with a solid foundation, integrity is never compromised – inside and out.

Exteriors are virtually maintenance free and abrasion resistant. The domed roof allows for quick water run-off and an EPDM membrane both serves to protect against leaks and contributes to energy-efficiency.

Cabinetry is constructed with screws rather than staples to ensure structural integrity and durability.

Both strong and moisture repellent, the solid oak doors are a front to ample storage space.

Designer interior decors are a mixture of style and functionality – with quality fabrics developed to handle years of wear while meeting or exceeding flame retardant standards.

All Triple E products are built to CSA (Canadian Standards Association) or RVIA (Recreational Vehicle Industry Association) Standards. Triple E was one of the first RV manufac-

turers to obtain the ISO 9002
certification – your assurance of
the careful construction and high
quality materials that are part
and parcel of every Triple E
Recreational Vehicle.

MAKE SURE YOU VISIT OUR WEBSITE AT WWW.tripleerv.com

P.O. Box 1230, Winkler, MB Canada R6W 4C4 Tel: (204) 325-4361 Fax: (204) 325-5241 www.tripleerv.com

Experience the Difference

Triple E is proud to offer a

2 YEAR LIMITED WARRANTY

on structure as well as most major components.

Please see your dealer for further details.

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Empress Limited Edition motorhomes exceed 96 inches in width. In some states 96 inches is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel.

COACH NET

Triple E is a proud partner of Coach Net, an extensive support program that provides complete and fully paid roadside assistance, emergency road service, and special warranty support benefits that follow you throughout Canada and the US. Service is free for the first year of ownership and is available at a nominal fee for subsequent years.

Coach Net's 24-hour Customer Care includes:

- Emergency roadside assistance including tow vehicle
- Toll free technician hotline for operation and service support
- Toll free nationwide service appointment assistance
- Free custom trip routing and color maps
- Warranty service at over 6,800 locations throughout North America
- Benefits such as free jump starts, tire changes, fuel delivery, and lock out service

CLASSIC STYLING, COMPLETE COMFORT

No matter where the road takes you, you'll always be surrounded by luxury when you choose the Empress Limited Edition. This splendid motorhome starts with the already elegant and celebrated Empress model and takes it a step further.

Crafted with absolute top of the line materials, the interior boasts rich ultra leather upholstery, heated ceramic tile flooring, sculptured cabinetry, and deluxe fixtures. The impressive 38 foot body and slide outs are built on a formidable Freightliner chassis and powered by a Caterpillar 330HP Turbo Diesel engine.

Nothing was spared in the construction, which you'll appreciate on especially long trips.

Inside, you'll find the features, options, and amenities of home, to comparable standard. An oak table and chairs, 32" and 20" TVs, central vacuum unit, and microwave/convection oven are a mere few of the features you'll enjoy.

Uncompromising attention to style and a focus on your complete and total comfort are the touchstones of the introductory 2002 Empress

TRIPLE E QUALITY

A Triple E Empress Limited Edition motorhome is a Combination of first-class materials and quality function.

Built with a solid foundation, integrity is never compromised – inside and out.

Exteriors are virtually maintenance free and abrasion resistant. The domed roof allows for quick water run-off and an EPDM membrane both serves to protect against leaks and contributes to energy-efficiency.

Cabinetry is constructed with screws rather than staples to ensure structural integrity and durability.

Both strong and moisture repellent, the solid oak doors are a front to ample storage space.

Designer interior decors are a mixture of style and functionality – with quality fabrics developed to handle years of wear while meeting or exceeding flame retardant standards.

All Triple E products are built to CSA (Canadian Standards Association) or RVIA (Recreational Vehicle Industry Association) Standards. Triple E was one of the first RV manufacturers to obtain the ISO 9002 certification – your assurance of the careful construction and high quality materials that are part and parcel of every Triple E Recreational Vehicle.

Experience the Difference

Triple E is proud to offer a

2 YEAR LIMITED WARRANTY

on structure as well as most major components.

Please see your dealer for further details.

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Empress Limited Edition motorhomes exceed 96 inches in width. In some states 96 inches is the maximum width of vehicles travelling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel.
