

TRIPLE E QUALITY

A Triple E Regency Motorhome is a combination of first-class materials and quality controlled construction.

Built with a solid foundation, integrity is never compromised – inside or out.

Exteriors are virtually maintenance free and abrasion resistant. Leaks are prevented thanks to an EPDM roof membrane – which also contributes to energy-efficiency.

Cabinetry is constructed with screws rather than staples to ensure structural integrity and durability. Both strong and moisture repellent, the solid oak doors are a front to ample storage space.

Designer interior decors are a mixture of style and functionality – with quality fabrics developed to handle years of wear while meeting or exceeding flame retardant standards.

All Triple E products are built to CSA (Canadian Standards Association) or RVIA (Recreational Vehicle Industry Association) Standards. We were one of the first RV manufacturers to obtain the ISO 9002 certification – your assurance of the careful construction and high quality materials that are part and parcel of every Triple E Unit.

Triple E is proud to offer a

2 YEAR LIMITED WARRANTY

on structure as well as most major components. Please see your dealer for further details.

This combination of labels assures the purchaser that the manufacturer has met or surpassed CSA-CRVA-RVIA standards covering electrical services, gas services, plumbing services, and vehicular safety.

Regency Motorhomes exceed 96 inches in width. In some states, 96 inches is the maximum width of vehicles traveling some or all state roads. It is the responsibility of the owner to be familiar with the road usage laws of the states in which you travel.

Brochure pictures may be shown with optional equipment.

Discover for yourself how the little things can make a big difference. View the entire family of Triple E products at www.tripleerv.com.

DETAIL ORIENTED

Triple E's 2003 Regency makes the RV lifestyle accessible to more people. Stylish, spacious, and surprisingly affordable, this is one Class C Motorhome that is ready for anything.

Count on the Ford 6.8L V10 engine to get you where you need to go. Then when stopped, utilize the many standard amenities. If desired, customize with the optional features that best suit your needs including a 4 kilowatt generator, stereo with six stack CD changer, or microwave oven.

To extend your RV season, consider the optional XL package - which includes:

- » enclosed, insulated and heated holding tanks
- » thermal pane windows, and
- » radius baggage doors, and much more.

Available in four versatile floorplans, you'll find that the Regency has everything you need to make every trip carefree.

 Please refer to our web site at www.tripleerv.com for more detailed explanations of our options.

Exterior storage is a priority with our designers.

Raised solid oak cabinet doors enhance the rich oak finish cabinetry.

New for 2003 - a big button radio allows for quick visual adjustments.

ENDLESS APPEAL

Enhanced by oak cabinetry, the Regency's bright living area is suitable for both entertaining and relaxing.

Features such as extendable counter space and a pass through storage compartment will afford you the space you require.

Customize your motorhome with features such as air conditioning or a microwave to suit your needs.

To keep your travels hassle free, you'll appreciate the convenience of:

- » cruise control,
- » tilt steering,
- » power windows and locks, and
- » large folding side view mirrors.

And, for your added enjoyment, the standard Regency includes an in dash AM/FM stereo with CD player - as well as cable TV hookup.

 For a virtual tour of the Regency, visit www.tripleerv.com.

GVWR

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW

UNLOADED VEHICLE WEIGHT means the weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, or factory or dealer installed accessories.

NCC

NET CARRYING CAPACITY means the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. NCC is equal to or less than GVWR minus UVW.

NOTE: Please see your dealer for weights of factory installed options.

FLOORPLANS

Product improvement is a continuing process at Triple E Recreational Vehicles. Thus, we reserve the right to change specifications on any or all products without prior notice; errors and omissions excepted. Triple E Recreational Vehicles is under no obligation to undertake modification to units manufactured prior to changes on specifications.

Propane Capacity - gal (l)	17.5(66)	17.5(66)
Opt. Awning Length - feet (mm)	18'(5486)	20'(6096)

* - Includes 6 gallon Water Heater

GVWR

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW

UNLOADED VEHICLE WEIGHT means the weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, or factory or dealer installed accessories.

NCC

NET CARRYING CAPACITY means the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. NCC is equal to or less than GVWR minus UVW.

NOTE: Please see your dealer for weights of factory installed options.
