GWVR

GROSS VEHICLE WEIGHT RATING means the maximum permissible weight of this motorhome. The GVWR is equal to or greater than the sum of the unloaded vehicle weight (UVW) plus the net carrying capacity (NCC).

UVW

UNLOADED VEHICLE WEIGHT means the weight of the motorhome as built at the factory with full fuel, engine oil, and coolants. The UVW does not include cargo, fresh water, LP gas, occupants, or factory or dealer installed accessories.

NCC

NET CARRYING CAPACITY means the maximum weight of all occupants, including the driver, personal belongings, food, fresh water, LP gas, tools, tongue weight of towed vehicle, factory and dealer installed accessories, etc., that can be carried by this motorhome. NCC is equal to or less than GVWR minus UVW.

NOTE: Please see your dealer for weights of factory installed options.
