MONACO®

DRIVING YOUR DREAM.™

Never before has a motorcoach reached such heights of luxury. In fact, this year, we've even raised the interior to a spacious 82", which is beautifully enhanced by the new radius padded ceiling design. As you look around, simply imagine the quality of adventures that await you — starting with the front of the coach and the leather heated 6-way power cockpit seats with electric lumbar support. The pilot's seat features an electric sliding seat cushion and memory capabilities, while the co-pilot's has a power footrest. From here, you can also see two excellent furniture options — the Euro-recliner with ottoman and the wraparound computer table, wired so that you can display your computer screen on the living room television. Overhead, you'll find a 32" LCD TV mounted in front of the cockpit seat, or this impressive optional 37" LCD TV conveniently mounted in the ceiling. Other features include a new home theater system with DVD/VCR/CD player, a new universal remote system and an optional In-Motion digital satellite system.

There's no end to The Executive's detailed styling. From the stunning cabinetry with solid wood doors to crown molding, Corian® windowsills, and the new decorative hardwood slide-out fascia — this is a place you can truly call home.

Optional wraparound computer table, 43PBQ, Stained Cherry, City Scape.

Back to front, 43PBQ, Natural Cherry, Churchill.

Each year, our designers create color and fabric combinations that lead the industry in warmth and style. This year, we're offering seven different selections, three of which feature exclusive fabrics by Ralph Lauren (optional).

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.

1 Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

2 All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

3 Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.
