

EXCURSION

CLASS A DIESEL

WHAT A FIVE-STAR HOTEL LOOKS
LIKE ON SIX WHEELS.

2009 EXCURSION

FLEETWOOD.

LIFE IS BETTER AT THE TOP.

For those who live life on a grand scale, Excursion is a motor home of equal magnitude. With a heightened sense of style and the finest amenities, Excursion wraps you in a bubble of luxury wherever you travel. The lush fabrics, the natural grained wood cabinetry and contemporary appliances all work together beautifully. Just like a designer home, crown molding and halogen dimmers are used throughout. In fact, our 40X model features a 40" Samsung® LCD HDTV in the center of the coach for a home theatre experience. You have high expectations... Excursion surpasses them.

Quality

There's no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

EXCURSION

WHY BUY EXCURSION?

Impressive Exterior

The sheer sophistication of Excursion is striking. Be prepared to turn a lot of heads.

Excursion 40X shown in Coriander interior décor with Plantation Cherry wood cabinetry.

Two Euro-Style Recliners provide the best seats in the house to watch a movie. And not just any seats – these are ultra-stylish, covered in genuine leather. (Standard in the 40Q and 40X models, optional in other models.)

The Front Entertainment Center is like your own private movie theater. After a day at the beach, you might watch a surf movie on the 32" Samsung® LCD HDTV (40" midship LCD HDTV available on 40X - shown above), DVD player and Dolby® 5.1 theater sound system with front, rear and center speakers, and a subwoofer. Or, enjoy home movies or video games with the RCA TV jacks.

Cummins® 360HP Diesel Engine

As one of the finest performing diesel engines in the world, this Cummins® ISC 8.3L engine provides mighty power underfoot.

Luxurious Décor

With decorator touches coordinated throughout, it's as nice as a grand hotel.

Top-Of-The-Line Components

Just as you'd expect, the coach is equipped with brand name appliances, electronics and furnishings.

Upscale Conveniences

Excursion anticipates your every need, with an array of conveniences to save you time and trouble.

Spacious Floor Plan Designs

Choose from five floor plans to fit your personal style, including two with full-wall slide-outs.

A DISPLAY OF YOUR GOOD TASTE.

With its sleek lines and high-end appliances, the galley is as beautiful as it is functional. We've used the very best components, from the solid surface countertops to the exquisite cabinetry to the stainless steel finishes. Of course, the appliances are brand names you trust, such as Norcold® and GE®. And to keep them running flawlessly, we've added a 2000-watt pure sine inverter to deliver clean, pure AC power.

Trust

More people trust Fleetwood. After all, we've spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

EXCURSION

The Residential Grade Sink and Faucet features a Blanco™ stainless steel double sink with a clean, contemporary look. The artful wand faucet features single-lever control with dispensers for soap and hand lotion (selected models).

The Free-Standing Dinette with Credenza (optional) would fit right in at a fine restaurant, and its slim profile frees up more floor space. The credenza is the perfect place for a few candles so you can enjoy dinner by candlelight.

The Galley features a four-door Norcold® 12 cu. foot refrigerator with a water dispenser in the door and an ice maker to cool your drinks. In addition to the GE® 2-burner cook-top, the GE® convection microwave cooks and bakes food in a fraction of the time of a conventional oven. And to keep these appliances running flawlessly, we've added a 2000 watt pure sine inverter to deliver clean, pure AC power.

The Kitchenaid® Dishwasher (optional) is a great place to wash and store your dishes.

Fully Extending Drawers allow you to store things at the very back.

The Cabinets hold the ingredients for gourmet meals and light snacks. Select models feature pull-out baskets that make packing faster. Simply fill them inside your kitchen at home, then slide into Excursion's pantry.

THERE'S NO TIPPING REQUIRED.

It's easy to mistake the bedroom for a hotel suite. All the hallmarks are here: the posh décor, pampering conveniences and spacious layout. In fact, the 30" bedroom slide-out delivers more room than ever before. Reading in bed by luminous halogen lighting, you may feel as if you're staying in a grand hotel. But then you remember – you haven't had to unpack and repack at every stop on your trip.

Passion

We're truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

EXCURSION

The Bathroom provides a lavish setting to get ready for the day. Start off with a water massage from the adjustable showerhead. Rinse your razor under the sparkling Moen® faucet gracing the solid surface countertop. The cabinetry holds your cosmetics and grooming supplies, with vanity lighting and mirror to help you look your best.

The Washer/Dryer Combo (optional) performs double duty, washing and drying your clothes while you roll down the highway. It's hidden away behind handsome cabinetry.

The Bedroom Entertainment Center brings your favorite shows to your bedside with a wall-mounted 26" Samsung® LCD HDTV and DVD player. Below sits the handsome dresser, providing first-class accommodations for your linens.

The Cedar-Lined Wardrobe keeps your clothing well organized and wrinkle-free. Heading out for a night at the theater? Double-check your appearance in the full-length mirrors, then give yourself a standing ovation!

The Bedroom Suite includes a heavenly Restonic® queen-size pillowtop innerspring mattress. Before you nod off, flick the bedside switch to turn the generator off. In the morning, your first step is onto the plush Fabrica™ carpeting. Even your feet feel pampered.

The Adjustable Sleep Number® Air Mattress (optional) ends pillow-fights. You like the mattress soft, and your other half likes it firm? No problem, just customize each side independently with the remote at your bedside. (King size optional in 40Q and 40T models.)

THIS FIVE-STAR RESORT HAS 360 HORSEPOWER.

No matter how ritzy, a hotel simply can't travel with you. Yet Excursion can. You'll enjoy trips through picturesque landscapes, crystal clear behind your expansive, one-piece windshield. The rolling hills slide by effortlessly, thanks to 360 horses under your foot.

The Ultraleather™ Driver and Passenger Seats feature sleek lines and designer style with supple Ultraleather™ covering. But their real beauty is inside. They've been engineered to reduce fatigue during those long hours on the road with a Flexsteel® frame and adjustable armrests. The seats are heated to keep you cozy in the cold, and the passenger seat includes a power footrest.

Power Visors cut the sun's glare with the touch of a button, allowing you to make adjustments with precision. And when it's time for privacy, the visors extend all the way to the dash to close out the world.

The Cockpit Area wraps around you to deliver a superior driving experience. The VIP steering wheel tilts and telescopes to suit your frame and features several key controls for added convenience. The drive flies by with an AM/FM radio with CD player and it's Sirius Satellite Radio® ready.

The 360HP Cummins® ISC 8.3L Engine powerfully pushes you over hills and through valleys with 1050 foot pounds of torque. It also has the muscle to tow a vehicle behind you for touring the nearby town.

Keyless Remote Entry lets you lock and unlock your Excursion with the push of a button. It also turns a light on in the coach to help you see in the dark.

The Ergonomically Designed Instrument Panel places all the controls at your fingertips. The large, backlit gauges are easy to read at a glance, even at night. And the Information Center continuously monitors your coach's performance on the road and even provides a pre-trip checklist for added safety.

The Pioneer® Color Back-Up Monitor/Navigation System features rear and side cameras that allow you to check your towed vehicle and view behind it. It also features a satellite ready radio with an iPod® hook up and bluetooth.

PRESTIGE BY THE FOOT, BEAUTY BY THE MILE.

The sheer size of Excursion is remarkable, but once you look closer, there's even more to appreciate. The ultra-smooth sidewalls, with their highly polished paint, reflect light as if you're looking in a mirror. Excursion's full-body paint is carefully applied using a two-step process and DuPont® paint for maximum durability and undeniable beauty.

DAZZLE THEM WITH YOUR DÉCOR.

Friends will be impressed with your sense of style. You don't have to tell them it was as easy as picking one fabric palette and one wood finish. Our designers coordinated everything from the designer lighting to the fabric patterns, but you can pocket the compliments.

Plantation Cherry

YOU'VE GOT THE WORLD BY THE TAILLIGHTS.

Excursion owners enjoy a wide range of amenities, even on the outside. Here are just a few of our favorites.

- ① **Electric Awnings** for the patio and entry door provide a shady outdoor area to sip iced tea and enjoy the fresh air. And should the wind kick up when you're out on the links, the main awning will retract, thanks to the wind sensor.
- ② **The Illuminated Entry Handle** glows from within, helping you to see at night and accenting your coach dramatically.
- ③ **Stylish Chrome Heated Mirrors** with side view cameras add sparkling flair, and stay warm to prevent dew or frost build-up for a clearer view.
- ④ **The Front Cap and One-Piece Windshield** exudes sophistication. The raised chrome logos highlight Excursion's status.

Vehicle shown in White Diamond Scheme 2 exterior graphics.

- ① **Dual Air Conditioning Units** are mounted on top to improve cooling, and create more room for storage below.
- ② **Storage Compartments** feature side swinging insulated aluminum doors. You can open the single paddle latches with one hand, and the lighted interiors help you see your gear at night.
- ③ **High-Mounted Taillights** are easy to see, even over towed vehicles, to warn tailgaters away.
- ④ **4-Point Automatic Leveling System** levels your coach at the push of a button.

Vehicle shown in White Diamond Scheme 2 exterior graphics.

The Side View Cameras are built right into the mirrors and transmit to the driver's area monitor. The cameras are controlled by the driver to help you see blind spots in the adjacent lanes. Once you're docked, they're handy for extra security.

The Spotlight sheds some light on your after-dark beach party. Who needs tiki torches when you can move the spotlight easily with a wireless remote?

Exterior Grill And Kitchenette (optional) extends so you can hold a backyard-style barbecue anywhere. Includes a propane grill, refrigerator, sink with hot and cold running water, storage areas, and even outlets for your blender.

The Utility Compartment lets you empty the holding tanks from one central place. Made of non-corrosive roto-cast with smooth radius corners it's easy to clean. It also features recessed storage area for gloves, chemicals, and cleaning supplies. Central location includes full coach water filter, water pump, water heater bypass and dual water fills.

MAKING THE GREAT OUTDOORS EVEN GREATER.

Whether you're parked next to a sandy beach or a stadium full of fans, Excursion offers additional features to make the outdoors more enjoyable.

POWER BRIDGE CHASSIS™. PART HERCULES, PART EINSTEIN. ALL YOURS.

It's strong. It's smart. And it's here to change the way you travel. Created with your every need in mind, the all-new Power Bridge Chassis brings you sleek engineering, a smooth ride and convenience like you've never imagined. Feast your eyes on storage compartments so big, you'll never have to unpack. Experience balance and handling so incredible, you'll never want the trip to end. With so many surprises built-in to every nook and cranny, it's the soul of the ultimate RV. Harness the power.

WASTE NOT, WANT NOT. The Power Bridge Chassis is more than just a well-oiled machine. Every available inch is configured to maximize your storage capacity – so you'll never want for extra space.

OPEN AS THE ROAD. Huge and versatile, pass through storage compartments let you pack items side to side, back to front, and even diagonally.

EASY RIDER. Offering unparalleled strength, the Power Bridge Chassis has been engineered for an improved ride and handling.

TURN ON THE WATERWORKS. With a super-sized fresh water tank, long showers are never in short supply.

ALL ACCESS PASS. An ingenious integrated raceway means quick access to electrical wiring and plumbing. This translates into easier maintenance for you.

Drawings are for illustrative purposes only to highlight aspects of motor home construction. Actual motor home design depends on model and is subject to change.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

Interlocking Ceiling-to-Sidewall Construction helps keep the box square. This assures a proper cabinet fit.

Interlocking Floor-to-Sidewall Construction locks tightly to keep out water, dust and noise, and helps eliminate squeaks and rattles.

Vacu-Bond® Sidewall Construction creates a strong, weather-resistant structure. The sidewalls, floor and ceiling are Vacu-bonded to a durable metal frame, far superior to the pinch roll method our competitors often use.

Patio Storage Center provides a place for your patio set-up tools or BBQ utensils. The storage center is equipped with both a 12V and 120V plug to recharge your flashlights or charge up that remote controlled car.

Pass-Through Storage is new on Excursion for 2009. This big space holds chairs, sports gear and more – and you can access it from either side of the coach.

The Pull-Out Tray (optional) keeps your smaller items together so they don't get scattered. It's a great place to stock your extra refreshments before they move to the refrigerator.

THE MOST IMPORTANT FEATURE IN EXCURSION: PEACE OF MIND.

Fleetwood engineers have designed dozens of safety features into Excursion, from blind-spot cameras to help you change lanes safely, to the safety inspection checklist on the information center monitor, to the four-wheel ABS air brakes. We're proud to say we meet all Federal Motor Home Vehicle Safety Standards for your protection. Combined with Fleetwood's superior construction, the result is a coach you can depend on for high quality and safety.

Safety

You've got precious cargo. So we've engineered dozens of innovative safety features into our motor homes to give you more peace of mind.

Liquid Weight Reference: Water (gal) = (8.3 lbs/3.8 kgs) Fuel (gal) = (7.1 lbs/3.2 kgs) Propane (gal) = (4.2 lbs/1.9 kgs)

Metric Conversion: Multiply pounds x 0.453 to obtain kilograms. Multiply gallons x 3.785 to obtain liters. Multiply liters x 61 to obtain cubic inches.

- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus (OCCC) occupant and cargo carrying capacity.*
- GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
- GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer's manuals for complete information.
- Length is measured from front bumper to rear bumper (excludes accessories).
- Excludes safety equipment and awnings.
- Motor homes feature a body-width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.
- Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

WHY FLEETWOOD?

Quality

There's no cutting corners. Skilled craftsmen build every Fleetwood RV for maximum durability and longevity.

Trust

More people trust Fleetwood. After all, we've spent over 50 years perfecting RVs, earning the loyalty of generations of RVers.

Passion

We're truly passionate about the RV lifestyle. Fleetwood was founded by RV enthusiasts, and that tradition continues today.

Safety

You've got precious cargo. So we've engineered dozens of innovative safety features into our motor homes to give you more peace of mind.

Service

Help is nearby. When you need an upgrade or repair, you'll find Fleetwood dealers all across North America ready to assist you.

Warranty

Exclusive RV ownercare warranty. See your Fleetwood dealer for details.
