## Create Your Story

Starcraft truck campers provide an easy way to leave it all behind. Hitch up a boat or horse trailer, and set out on your own adventure with this economical, "ready to go, do anything" outfit.

Wherever you travel, the superior laminated Filon® exterior bonded sidewalls serve to protect you from the elements, and Starcraft's smooth, one-piece, crowned fiberglass roof is ultra strong with no seams to buckle, warp or come apart. The standard 14" roof vent provides air circulation and doubles as a skylight. Convenient storage areas let you bring supplies for a variety of different occasions.

A parchment-colored kitchen sink with dual-handle water faucet is standard. Dining area seating easily converts for additional sleeping capacity. With floorplans available for long- and short-bed pickups, Starcraft has a truck camper built just for you.

800HS

801HS

A wardrobe and pantry keep things neatly in their place.

Several models have a standard freshwater toilet, hand-held shower curtain.

801HS

801HS

The sofa can be quickly prepared into an extra sleeping area.

800HS

Enjoy your music inside and out with the Jensen® AM/FM/CD stereo and four speakers.

# Raising the Bar on Camping Comfort

Starcraft's truck campers are at home tackling a rocky mountain trail or cruising to your local campground. The lighter weight and lower center of gravity on softside models have greater aerodynamic performance than conventional truck campers, giving you piece of mind when jostling down the trail. They turn any pickup into a versatile camper, featuring our Aqualon®-7 tent fabric with floorplans that accommodate long- and short-bed pickups. And, they're built to last.

Starcraft softside truck campers come with a cabover queen-size bed, which lifts easily on gas pistons to reveal a large underbed storage compartment. A 3-way, 3-cubic-foot refrigerator and 3-burner cooktop complete the kitchen.

The dinette is a great place to share a meal and stories about the day's activities. It converts to a 73-inch-long bunk that features comfortable four-inch high-density foam cushions.

A battery gauge and HD cable TV ready prep are standard.

Our exterior pushrod lifter system makes setup and tear down a breeze.

**Starblazer**

Plenty of storage spaces are handy for dry goods, sporting supplies, or whatever suits your lifestyle.

# Starcraftsmanship

**Quality starts with attitude.** At Starcraft, we've always referred to that attitude as *Starcraftsmanship*! It's a working philosophy that starts with research and design, and carries all the way through production to sales and service. It's our way of bringing you more in terms of customer satisfaction, value, service and warranty.

Since 1964, Starcraft has been a leader in the evolution of the recreational vehicle. Today's Starcrafts have every comfort and convenience the industry has to offer, and then some! Our secret weapon is our people – on the line, in our offices and on the road. We've watched generations of busy families get away to connect with each other, with nature, with themselves. That's the real reason people want to go RVing, and that's what this lifestyle is all about.

When you take the best ideas, designs, materials and people, and put them all together, year after year, you earn a reputation. That reputation goes on the line every time we sell another product. Add up the reasons for our success, and you have the best reason of all to buy a Starcraft ... *Starcraftsmanship*.

## Join the Starcraft Camper Club

When you purchase a new Starcraft, you'll receive a free one-year membership to the Starcraft Camper Club, a camping group of Starcraft owners. Our club offers you the friendship and security of caravan-style travel at lower group rates. Organized trips and gatherings are held throughout the year and detailed in the club's quarterly publication, *Chatter*. Participating in the Starcraft Camper Club is a great way to develop friendships with people who have the same interests and share your love of RVing.
