*265 RL shown in Birch Decor, provides you with elegant residential features that allow you to relax in style.*

# Laredo— One of a Kind

**“Best in Class”** - With Laredo, this is more than a slogan - it’s the strategy that guides us every day as we aspire to create the perfect Recreational Vehicle. If you desire an easy-to-tow fifth wheel that doesn’t skimp on features, conveniences or quality, Laredo will offer you an RV that is truly ...

**“BEST IN CLASS” ... BEST IN VALUE.**

***When you are the  
Best in Class ...***

Your kitchen countertops are made of genuine Corian® with matching sink covers and paired with an upgraded metal high rise faucet and an oversized sink to accommodate your large pots and pans.

**Laredo offers more storage than anyone in its class, with plenty of room for all the extra supplies.**

Every drawer includes full extension steel ball bearing drawer guides for strength and maximum storage that allows for full use of space.

Laredo features residential-style kitchen cabinets that have convenient shelves, which allow you to pack everything you desire.

# Laredo *More Best in Class Features ...*

By Keystone

Exterior storage is necessary and Laredo delivers with up to 129 cubic feet of unobstructed pass thru storage.

This cleverly designed roto-cast tub was created as a convenient place to store wet or greasy items. However, some of our customers have found other innovative applications.

A convenient flip of a switch allows the Laredo to be leveled by powerful 12-volt electric stabilizer jacks.

The Laredo sofa sleeper with electrically operated air mattress also offers over 8 cubic feet of storage beneath the bed.

The insulated radius corner bus style slam baggage doors feature an automotive rubber seal to protect your belongings from the elements. Heavy duty gas struts make the operation easy, and locks are individually keyed for security.

The vented attic system promotes even air exchange and allows moisture to escape from the roof.

"Best in Class" innovation never stops with the introduction of the "Outdoor Kitchen" - a Laredo exclusive. (Found on the 305TG and 326LT.)

## Max Turn Technology

When given the challenge of creating a Recreational Vehicle that maximizes turning radius, reduces fuel consumption and tows great on the worst of roads, Laredo engineers utilized MAX TURN TECHNOLOGY to create a fifth wheel that has become the benchmark for Hi-Performance Towing.

Laredo's state of the art fiberglass cap features increased fuel economy while towing, also includes Hitch Vision and docking lights which allow customers to hook-up with ease.

**MAX  
TURN  
TECHNOLOGY**

## Super Sport Suspension

Equa Flex  
rubber  
suspension  
with heavy  
duty axles.

Heavy duty  
12" electric  
brakes.

Radial tires &  
aluminum  
wheels provide  
both safety  
and a sporty  
look!

Laredo's Super Sport Suspension will absorb all the "shock waves" created by potholes and other road irregularities. Equipped with larger heavy duty 12" brakes, Laredo can be stopped easily when braking.
