Super-Lite

FIFTH WHEELS AND TRAVEL TRAILERS

Get more. *Tow light.*

Outback 300BH kitchen allows for an incredible amount of storage space.

Get more. Tow light.

The all new Outback offers you more style, more features and more comforts in a light weight, easy to tow travel trailer. With deeper 36" flush-floor slide out rooms you enjoy more living area and a larger dinette. Oversized windows bring the outdoors in and brighten your day. Expanded countertops, larger overhead storage, and more pantry space allow you to stock well for expanded trips. New Butter Rum Cream and Auburn Cherry cabinets add a level of sophistication unheard of in other light weight trailers. See for yourself how this new Outback moves lightweight RV camping to a higher level.

The hard wall rear slide out king bed adds additional living space without towing length. When it's time to hit the road you'll find superior towability and maneuverability.

Whether you're watching the big game, listening to your favorite music or cooking your next meal, you can do it all right underneath your awning. Outback features an Outside Camp Theatre that includes an LCD TV that can be mounted on a clip provided underneath the awning. The Outside Camp Kitchen, provided on most Outbacks, includes a 2-burner cook top, hot and cold water faucet, 20' water hose, cutting board and towel bar. Also, for your use are exterior speakers, exterior security lights and a 110 volt outlet.

Outback's Air Vent covers provide ventilation during inclement weather and in storage.

Outback's all aluminum pass through storage is oversized for your cargo and exemplify our quality construction.

Whether it's our Outdoor Kitchen or Outside Cook Center, enjoy great outdoor cooking with family and friends.

Outback KARGOROO

by Keystone

Outback's heated underbelly encloses tanks and valves, helping to extend the camping season.

Outback utilizes light weight, long lasting, aluminum framed construction with a patented one-piece galvanized steel roof truss.

All Outback's are made with I-Beam chassis and full size outriggers that are powder coated and baked to ensure the most rust resistance available on the market.
