AIRSTREAM

2012 Avenue Touring Coach

Inspiring adventure for 80 years... and beyond.

When adventure calls, hit the road in an all-American legend – the Airstream Avenue.

Founded in 1931, Airstream is an indisputable American Icon. The original, silver-sleek Airstream has captured the imaginations of freedom-loving travelers for generations. With a reputation built on aerodynamic, streamlined design, futuristic innovations and dependable durability, Airstream has been inspiring adventures for over 80 years.

Now, the power of partnership drives a new vision as Airstream comes together with American automotive powerhouse and cultural touchstone, Chevrolet. This pair of iconic giants have joined forces to create the 2012 Airstream Avenue. With its reliable, road-worthy engineering, bold, contemporary styling and abundant comfort, the Airstream Avenue is destined to become an all-American classic, and to inspire adventures for today and into the next generation.

If you're ready to experience the road with a whole new level of American ingenuity, roll with the legend. **The 2012 Airstream Avenue.**

Best in Class

The 2012 Airstream Avenue sets the new standard for touring coaches in every arena. For innovation, design and performance, the Avenue is unmatched. Not surprisingly, the Airstream Avenue includes more standard premium features than the competition.

Easy to drive... Take the wheel and you'll appreciate the ease of the Avenue. The ride is smooth, operations are intuitive and simple – and you'll feel confident and safe in the driver's seat. Built on the highly durable and dependable Chevrolet 3500 Series Express chassis, the Avenue comes equipped with the powerful 330 horsepower V-8 Vortec 6.0L engine, state-of-the-art 6L90 transmission and has a towing capacity of almost 8,000 lbs. Safety abounds in the Avenue with 3-point seat belts, driver and passenger air bags – and it's the only Class B van with side-impact air bags.

Easy to enjoy... Inside the Avenue, it feels like your home away from home. All the amenities and luxuries you would expect have been thoughtfully built-in by Team Airstream. The handcrafted fully equipped cabin comes complete with a private bathroom, efficient kitchen, and spacious lounge area that converts into a bed for two. The Avenue also includes the "Best in Class" appliances, materials, technologies, and systems.

Outstanding Value, Performance and Comfort

Exterior

The Avenue's exterior silhouette is bold, beautiful and right for the road in every way. With its package of distinctive standard exterior features, the Avenue includes a power-step entry for the side entrance, power awning, power-heated mirrors, exterior shower, extra storage compartment, Alcoa® aluminum wheels, Continental spare-tire kit with shock-assist, driving lights, chrome appearance package and more. Sophisticated and appealing, exterior color choices include silver or white.

Interior

The stunning Avenue interior inspires relaxation and offers total live-ability after a day on the road. Available in two gorgeous palettes, Light Camel and Onyx, these plush, adaptable backdrops can be easily accented with touches that express your personal style. Three different floorplans provide a wide range of Best in Class features, including Ultraleather® seating, Corian® countertops, stainless steel appliances, handcrafted, high-gloss laminate cabinetry, LED HD TV/DVD, and much more!

Product information, specifications and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights – Based on standard features; optional equipment not included. Net Carrying Capacity (NCC) is determined by subtracting Unit Base Weight (UBW) from the Gross Vehicle Weight Rating (GVWR), and is the capacity available for water, options and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
