A NEW ERA IN ULTRA LITES  
[www.keystonerv.com/bullet](http://www.keystonerv.com/bullet)

A wide-angle photograph of the interior of a Bullet Ultra Lite travel trailer. The space is bright and airy, featuring wood-grain laminate flooring and light-colored wood cabinetry. On the left, a curved dinette with a dark table and cushioned seating is set with plates and glasses. In the center, a plush leather sofa faces a matching leather armchair. Large windows on the left and at the front provide a view of a wooded area with autumn foliage. On the right, a kitchen area includes a black stove, a microwave, and a white sink. A small potted plant sits on the counter. The overall design is modern and functional.

## WHAT IS BULLET?

The Bullet is a full-featured ultra lite travel trailer designed to be towed by the new fuel-efficient SUVs, crossover vehicles and 1/2-ton pick-up trucks.

## CONVENIENCE, COMFORT AND STYLE

While other ultra lite trailers cut corners to save weight, with Bullet you enjoy ultra lite towing without sacrificing features and eye appeal. For example, Bullet's sleek aerodynamic front profile, wide-stance axle system, and contoured fender skirts create a trailer that tows with ease and looks great. Front diamond-plate rockguard, radius crowned roof, lighted pass-thru storage, gas-strut entrance door assist, oversized jalousie windows and electric awning are more features you'll find in the Bullet that you won't see on other ultra lites.

Bullet's attention to detail doesn't stop with the exterior. Inside Bullet you'll appreciate the plush, high back sofa, upgraded fabrics, window night shades, hardwood cabinet doors, 9" single basin kitchen sink, visionary sofa, upgraded dinette, and comfortable queen-sized bed with memory foam mattress. You will truly feel at home. Bullet's careful attention to detail and thoughtful use of space result in the most livable ultra lite on the market today.

The **plush interior** of the 284RLS is sure to help you relax. Take a seat in the large pillow backed swivel chairs and gaze outside the huge rear window. Bullet is the only travel trailer in its class to offer a visionary memory foam sofa sleeper, which is much more comfortable than a thin foam pad!

2

The **kiddie dinette** gives your little campers a playroom of their own with the sleeping space to go with it.

3

The **rear kitchen** of the 248RKS offers both plenty of countertop space and storage designed with the needs of today's camper in mind.

4

Enjoy the amenities of an **outdoor kitchen** without having to pull all of the weight of a traditionally built travel trailer. The 286QBS weighs in at approximately 5250 lbs.!

## EXTERIOR FEATURES

Largest **pass-thru storage** in its class. 40.3 cubic ft. of storage provides an abundance of space for all of your camping gear.

**Jalousie windows** allow you to keep the windows open for air flow, even when it's raining.

**Electric awning** with adjustable arms makes it easy to extend/retract the awning as well as adjust the ends for water run-off.

**Gas struts** eliminate the concerns of replacing brittle plastic door catches.

**Wide stance axles** provide a better towing experience by reducing bounce and sway during travel.

**Exterior shower** comes equipped with a fixed shower head and access to both hot and cold water.
