SUNNYBROOK: THE BEST OF YESTERDAY & TODAY

When Sunnybrook began making travel trailers, each unit was built as a personal statement and came with a commitment to stand behind ever model sold. Thankfully, that commitment remains. It's seen in the way we construct our complete line of travel trailers and fifth wheels. Even more, today's model combines the latest in technology with the most attractive features and interior designs. Still, we haven't forgotten the golden rule we were founded upon—make it for the customer just like you would for yourself.
