FAST-TRACK PATIO SYSTEM

Impact's exclusive Fast-Track Patio System makes it easy to set up your toy hauler patio in under 1 minute. Because the patio rails are not attached to the ramp, the door is lighter and easier to open and close. Plus, unloading your toys is now so simple.

The Fast Track Patio System is not attached to the ramp door. This makes the ramp door approximately 60 pounds lighter and much easier to open and close than the patios with the old fashioned systems.
