AIRSTREAM BASECAMP

EVERY ADVENTURE NEEDS A BASECAMP

Hit the road, explore crash, stretch out, pack up, head off the beaten path, get closer, and go farther than ever. The Airstream Basecamp is ready for anything, so make it work for you. You'll have all the lasting quality and thoughtful design you'd expect from Airstream, and the kind of versatility you might never expect of a travel trailer.

IT'S TIME TO BE A LITTLE SPONTANEOUS

Our most nimble Airstream yet, Basecamp is the very definition of get-up-and-go. It's compact, light, and easy to tow, and the perfect place to land after a day of adventure. Storage is versatile and abundant, sleeping space will surprise you, and you'll still have all the essentials, plus some added luxuries.

So get going. Basecamp is ready when you are.

Empty weight	ca. 1300 kg
Max. weight.....	ca. 1580 kg
Max. payload.....	ca. 280 kg
Fresh water	83 litre
Wastewater	109 litre
Sleeping capacity	2

WHICH TOW VEHICLE DO I NEED TO TOW THE BASECAMP?

The Basecamp with its 1600 kg max weight and 180 kg of tongue weight is considered to be a lightweight vehicle in the USA. According to European standards, it is rather comparable to a midsize caravan. The modified European version will have an empty weight of approx. 1300 kg and a max. weight of 1600 kg. Tongue weight of the loaded vehicle is expected to be approx. 120 kg.

AIRSTREAM

ALREADY IN THE MOOD TO GET MOVING?

We look forward to your visit to our Sales and Service Centre in Merenberg near Limburg an der Lahn.

We are conveniently located in the geographic centre of Europe. Proximity to motorway A3, the Frankfurt airport and the ICE train station in Limburg make visiting us very easy. We offer a complimentary shuttle service to rail and air travellers. You can view our current Airstream models at your leisure in our showroom. We request that you make an appointment by telephone for a detailed consultation.
