PUMA

XLE LITE

by Palomino

Answer the call of the wild with Puma XLE Lite!

These lighter weight trailers are designed for a comfortable camping experience at an affordable price. Bright, airy interiors are equipped with long-lasting, energy efficient LED ceiling lights. Durable Beauflor® flooring has a seven year cold crack warranty. Puma XLE Lite features a built-in CD/DVD/Bluetooth stereo system and is loaded with storage throughout. The large, double stacked 48" x 76" bunks with teddy bear soft mats have storage under the bottom bunk that's accessible from outdoors. Chateau decor is shown with an optional 39" LED TV.

Living is easy with Puma XLE Lite

Enjoy breakfast, lunch and dinner in your Puma XLE Lite. This spacious L-shaped galley countertop with a high rise faucet and a large residential sink makes meal prep a breeze! A decorative backsplash surrounds the three-burner cooktop, shown with an optional oven.

The optional 6 cu. ft Dometic® gas/electric double door refrigerator/freezer has built-in crisper drawers and plenty of shelf space for large items.

Relax on the contemporary jack knife sofa with a handy flip-down drink tray. Convenient storage under the sofa holds plenty of oversized items. Chateau decor is shown.

Clever storage throughout keeps living areas tidy

When it's time to settle in and relax, Puma XLE Lite has just the right sleeping arrangement for your friends and family! The queen bed has two mirrored shirt closets and a convenient overhead shelf. The easy-to-access under bed storage has smooth, finished edge trim to avoid damage to delicate items.

XLE LITE

by Palomino

This optional mini camp kitchen shown on the 27RBQC is complete with a 4 cu. ft. refrigerator, sink, faucet and a bumper mount grill, a convenient pull-out counter and storage drawer.

Decor Choices

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated average based on standard build optional equipment. **Estimated average based on standard build optional equipment. Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
