TOY HAULERS

ACTION CAMPING™

NITRO & HYPERLITE

REDEFINING VALUE-PACKED

WELCOME TO ACTION CAMPING™

From Side-by-Sides to golf carts, mobile offices to kids' rooms, kayaks to four legged friends, we are focused on the toy hauler breed of RVers. Action Camping™ is what you do, and Action Campers is who you are. Every XLR we build is focused on making your dreams and adventures come true. At XLR, we choose the path less traveled because it's right alongside you—our customers.

CHOOSE FROM TWO DISTINCT BRANDS DESIGNED WITH YOU IN MIND

NITRO

Nitro has redefined what a mid-priced Fifth Wheel Toy Hauler should look and feel. Our 2020 exteriors feature a front windshield giving you free views of every sunrise & sunset. Inside, we've designed our new interiors to warmly greet and comfort you the instant you walk in.

HYPERLITE

Hyperlite single-handedly created the lightweight laminated travel trailer market back in 2010. Our legacy continues with a simplified 96" wide feature packed model offering. The "bigger brother" 102" wide-body Hyperlite HD models offer premium features and slides on all four models.

TOP FEATURES

Quad Entry Steps on BOTH Entry Doors

Full Window Treatments Throughout Roller & Night Shades

"Quick Clean" Central Vac with Dual Sweep Pans

4G LTE and Wifi Prep

TOP FEATURES

Standard Ramp Patio Cable Kit

Generator Prep with Large 20-Gallon Fuel Station

Dexter Axles with Nev-R-Adjust® Brakes

Improved Loading/Unloading Angle

NITRO

AFFORDABLE LUXURY

With an all new modern rustic interior design, Nitro provides key features like ZERO carpet and barn-style wood passage doors. A unique front windshield brings the outdoors into your bedroom and eliminates "cave sleeping." The interior decor complements Mother Nature with an industry first slate back-splash and more earth tone colors/accents throughout.

Model 321 show in Aspen decor.

321 shown with standard 50" TV, custom audio system, 5K BTU fireplace, black privacy roller shades, and LED lit pantry storage.

Spacious First-Class recliner seating with easy clean soft touch vinyl.

Industry first! DUAL VacPort sweep pans on main level & master bedroom feature LED lighting and a lifetime warranty.

Premium 48" shower with seat and shelves.

Every Nitro master suite offers a spacious wardrobe closet with drawers, dual nightstands with chargers, and a "star-gazer" automotive windshield w/ roller shade.

NITRO

ACTION FLOORPLANS

Our Nitro series has you covered with 11'-17'6" of available storage space. This comprehensive lineup offers something for everyone with 2, 3, or 4 slides! Nitro doesn't limit any of your Action Camping needs.

LUXURY INTERIOR

All of the luxuries and conveniences of home.

LARGE STORAGE

You'll find spacious pass-through storage in the riser area of all Fifth Wheels. They're lighted, lockable and finished interior spaces.

The all-new 405 model has already received numerous awards from within the RV Industry!

HYPERLITE

LIGHTWEIGHT

The Hyperlite's rustic yet modern decor makes you feel at home even while you're out exploring. Custom styling and quality features are all packed into this lightweight design. Today's tow vehicles can handle more and Hyperlite certainly gives you more.

Every Hyperlite HD model offers a minimum of 74" storage width

a standard 39" TV, solid surface countertops, and maintains
for the larger toys even with the slide room in (2815 shown).

Our 2217 gives you one of the largest garage lengths in the industry and is just
over 26' total length! A large 39" TV, spacious overhead storage, and 25% more
countertop space make this a great model.

Spacious First-Class recliner seating with
easy clean soft touch vinyl.

Each Hyperlite HD model offers an
INDUSTRY FIRST central vacuum in
a travel trailer! (2815 shown).

Each Hyperlite bathroom is
designed to maximize functionality
and convenience (2815 shown).

Every Hyperlite HD model showcases our front windshield maximizing
your view of nature.

HYPERLITE

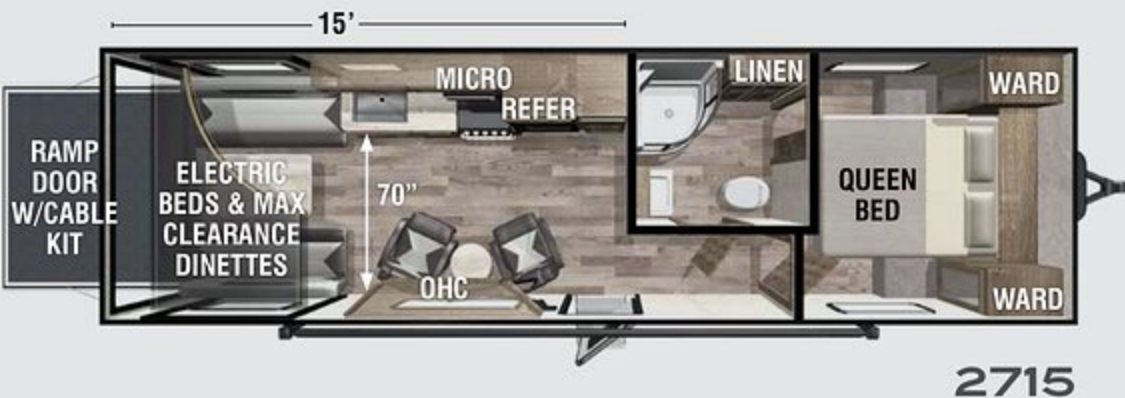

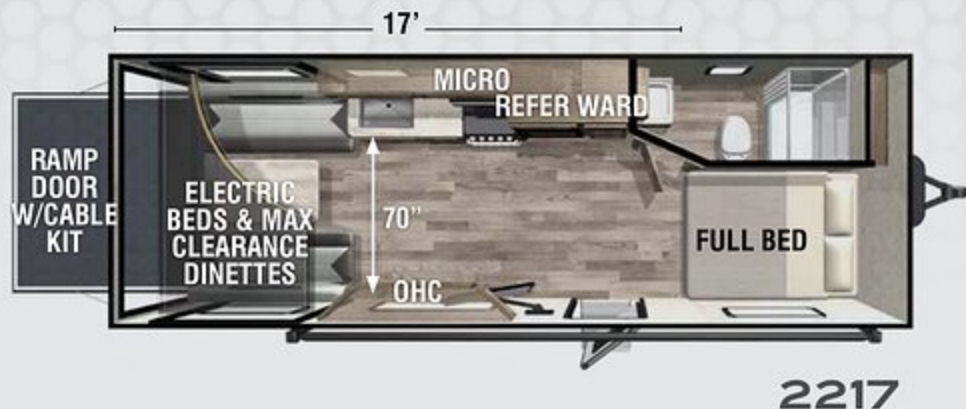

STANDARD MODELS

Engineered and built for "lighter weight" was our goal. So non-slides are 96" wide for half-ton pickups. Not everyone has a big truck or needs to haul a four-seat Side-by-Side, but with 14' to 17' garages mean you can get a lot of toys to your destination. Canoes, two ATVs or just use it as a Bunkhouse.

QUEEN BED DINETTE

Our HappiJac® electric bed is a multi-function system that allows you to create four different configurations. Transform into two queen beds or one queen bed and dinette. Or just the dinette with queen bed tucked up to the ceiling. When you're ready to go, electrically stow up and out of the way before you load your toys.

3310 MODEL

An industry first in the Toy Hauler segment - a front kitchen with three slides! This has all the amenities of a Fifth Wheel packed into a Travel Trailer design so there's no need to sacrifice your comfort.

NEV-R-ADJUST BRAKES

Dexter® Nev-R-Adjust™ brakes automatically adjust to proper clearances during travel allowing you to stop with confidence.

HYPERLITE

HD MODELS

Big on styling and smart design, but still light on weight sums up these Hyperlite HD models. Standard slide rooms, large garages, and more value added on each floorplan.

74 INCH WIDTH

WIDER INTERIOR

Each HD model maintains a minimum 74" interior width even with the slides retracted in.

The all-new 3310 model has already received Best Of Show from within the RV Industry!

STANDARDS & OPTIONS

WHY XTRA MATTERS?

What's XTRA BUILT? If you compare us to other Travel Trailers and Fifth Wheels, you'll see that an XLR Toy Hauler simply built right. We know that Action Campers use their RV's the way they play—harder. So stronger construction and features mean you'll be ready for the road (or offroad).

At XLR, we choose not to cut corners to reduce cost. "Xtra Built" is our commitment to you to provide an Action Camping™ Toy Hauler that can stand up to anything you're going to throw at it. These items listed are included on every XLR Nitro, providing you with extra value as well.

XTRA CONSTRUCTION FEATURES

- 1 Body Armor Protective Underbelly
- 2 Ducted Loop A/C Distribution System
- 3 Laminated & Insulated Slide Room End Walls
- 4 Best in Class 5,000-lb. Tie-Down System
- 5 Dexter® Axles
- 6 Aluminum Framing Around All Sidewall Openings
- 7 Tongue & Groove Plywood Floor Decking
- 8 Gelcoat Fiberglass Exterior

Our radiant-reflective insulation layers are 97% efficient keeping you comfortable all year round.

A MORryde® CRE3000 premium suspension smooths out even the toughest of North America's roads.

Heavy-duty Dexter® axles offer you the best in class carrying capacities.

A Wide-Track frame design provides a more stable and stronger foundation over our skinnier competition.

Our Nitro-Fill™ radial tires offer a "No Excuses Guarantee" unmatched in the industry.

XLR utilizes weather resistant tongue-and-groove plywood in all main living areas.

The XLR fully enclosed "Body Armor" underbelly is insulated and uses a panel system for ease of access.

XLR has offered the strongest 5,000-lb. tie-down anchor system in the industry since day one to secure your precious cargo.

Our vacuum-bonded technology provides superior adhesion and durability.

Our 1.5" fresh water drain provides a lightning fast way to empty your tank.

Like the Nitro series models, we don't skimp at XLR. Overbuilt has been our motto for years, so Xtra Built just makes sense. Especially when you see the value peeled back.

AXLES AND TIRES

Dexter® axles and Lionshead® tires are the best in the business. With Lionshead "No Excuses Guarantee," we have your back when it comes to tires and wheels.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate feedback to production for quality assurance in every unit built.
