

HIKE TRAVEL TRAILER

BUILT FOR BEYOND

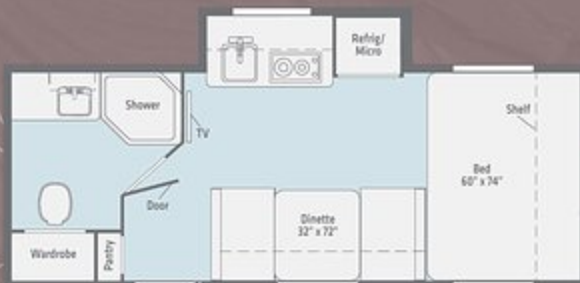

Introducing a towable built for beyond. Beyond the beaten path, with offset wheels that pack all the stability of larger towables in a 6.5 ft frame. Updated exterior styling—built to accommodate outdoor enthusiasts and a flexible storage system take the Hike well beyond the expectations of everyday.

- **Off-road tires and fenders:** Off-road tires, offset wheels, and robust fenders make easy work of tough roads.
- **Multi-use gear storage:** Pack in more adventure in the durable, convenient front storage. With space for a battery, LP tanks, or adventure gear.
- **Exoskeleton:** Bikes, kayaks, and other tools of the trek can be securely attached to the Hike's rugged exoskeleton.
- **Flexible Floorplans:** Choose from five flexible floorplans—all under 4,500 lbs—to fit your lifestyle.
- **Modern interior:** Contemporary styling, clean lines, and quality interior furnishings make the Hike's interior as inviting as it is innovative.
