Check out <https://forestriverinc.com/rvs/toy-haulers/work-and-play> for cargo lengths and heights.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and grey tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

EXTERIOR STANDARDS

- 102" Wide Body Construction
- 5" Crowned Aluminum Reinforced Full Walkable Roof
- Alumicage Construction
- Vacuum Bonded Walls w/Azdel Composite Panels
- Aluma Grid HD Reinforced Laminated Floor
- Heated and Enclosed Underbelly
- Radius Entrance and Baggage Doors

WORK AND PLAY

CONSTRUCTION

1. Crowned trusses
2. Aluminum reinforced with 3/8" roof decking
3. Tufflex PVC roofing (with 20 year warranty)
4. Azdel composite panels
5. Welded aluminum structure, vacuum-bonded sidewalls
6. Aluminum framed openings
7. Fully welded tubular aluminum, laminated floor structure
8. Powder E-coated, ReVolution I-beam frame
9. Dexter® E-Z Lube® axles
10. Nitrogen filled, E-rated radial tires

Work and Play features the combination of environmentally friendly Azdel Onboard RV composite and AlumiCage Construction to maximize towability. Azdel composite panels are produced using a patented blend of polypropylene and fiberglass to create a durable, lightweight, water and temperature resistant, odorless and environmentally friendly wall that will increase the life of your RV.

Weight Matters
50% Lighter than wood

Let it Rain
No mold, rot, mildew, warping or delamination

Unaffected by changes in temperature & humidity

Twice the thermal insulation of plywood

Free of formaldehyde, toxic odors and chemicals

Longer RV life

Quieter RVs

No deforestation

Knock on Wood

Traditional Luan Sidewall Panels:

- Absorb and retain water
- Affected by humidity and temperature changes
- Susceptible to mold, rot, warpage and delamination
- Imported
- Heavier
- Inferior thermal insulation and noise blocking

Avoid Costly Water Damage

- Water and wood don't mix
- Water can cause rot, mold and delamination of wood sidewall panels causing thousands of dollars in damage.

Soak Test

- 60 Day soak test
- Wood has visible mold and decay requiring wall repair
- AZDEL was 100% unaffected

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. ©2020 Work and Play by Forest River, a Division of Forest River, Inc., a Berkshire Hathaway company.
