

XLR

TOY HAULERS

EVERYBODY KNOWS THAT X BUILT SELLS!

2023 **BOOST** & MICRO BOOST

TOY HAULERS FOR WHATEVER YOU'RE INTO...

BOOST

FIFTH WHEEL & TRAVEL TRAILER

You are Action Camping RVers because that's what you do! Boost models, from XLR Toy Haulers make it happen in complete comfort, along with the most rugged XTRA BUILT construction features. Whether you're into Side-by-Sides, golf carts, kayaks, motorsport or family hobbies—you'll find everything you need here.

THE TOP 5 BOOST

RV SOLAR POWER SOLUTIONS - GO POWER!

Unplug and go off grid. Charge your batteries anywhere the sun is shining with Go Power! solar kits. Whether you're a weekend warrior or a boondocking full-timer, Go Power! solar kits are the leading choice for dependable power, for wherever your adventures take you.

FURRIION TANKLESS WATER HEATER (STANDARD)

Won't leave you in the cold. Don't get caught without hot water again. With a heating capacity of 2.4 gallons per minute, you'll have an instantaneous and consistent supply of hot water without having to wait for a tank to fill. With a powerful 60,000 BTU, the unit heats fast and performs effortlessly, even when temperatures drop to 34°F (1°C).

MICRO BOOST

FIFTH WHEEL & TRAVEL TRAILER

We offer 96-inch-wide Micro Boost models in both Travel Trailers and Fifth Wheels. They are narrower than our wide body Boost series and have lower ceilings, but a 80-1/4-inch ramp door will handle even the larger toys. Lighter weight and a Bunkhouse mean we can please even the budget-minded RVer.

FEATURES:

(R7 EQUIVALENT) FOAM SIDEWALL (STANDARD)

Utilizing residential insulation technology, Boost Toy Haulers use the most advanced foam insulation system in the construction of RVs. This best-in-class feature gives a consistent insulation coverage, aids in the reduction of noise transfer, and creates a natural water-resistant vapor barrier inside the interior of your Toy Hauler's wall construction.

15K BTU ROOF A/C (STANDARD)

Furrion's aerodynamically designed, mid-profile air conditioner is engineered with dual-fan technology, an isolated plastic base, and lightweight insulated heat exchanger housing. It features up to 40% more efficiency (EER) over leading competitive models. The system meets the high demands of any living condition!

TPMS TIRE PRESSURE MONITORING SYSTEM

The TPMS has the benefit of giving the customer peace of mind and alerting the driver of any temperature or pressure issues with the tires. TST offers a 3-year warranty and lifetime customer support.

IT'S WHAT'S INSIDE THAT COUNTS.

Our Boost and Micro Boost models are designed for the Action Camping Toy Haulers who wants to get out as much as possible during the year, but not leave the luxuries of home behind. XLRs are designed to be used and enjoyed—no matter the weather. Standard features you'll enjoy include tankless water heaters, 15K BTU mid-profile air conditioners, large 10 cu/ft refrigerators, tasteful yet usable interior decor, top materials and more for these price points. Boost and Micro Boost also offer unique floorplans!

PLUS A PARTY DECK. Everything for those seeking the RV lifestyle can be found here. With great accommodations and entertainment, each floorplan's interior and measurements were designed for modern families and their comfort (and toys). Bring everything along to further enhance your action camping experience and recreational lifestyle.

29XLRX - Kitchen

HERE COMES THE L WORD: LIVABLE.

THESE BEAUTIES ARE **RATED R**: RUGGED.

WHY XTRA MATTERS?

What's XTRA BUILT? If you compare us to other Travel Trailers and Fifth Wheels, you'll see that an XLR Toy Hauler is simply built right. We know that Action Campers use their RV's the way they play—harder. So stronger construction and features mean you'll be ready for the road (or offroad).

XTRA CONSTRUCTION FEATURES

- 1 Body Armor Underbelly
- 2 16" On-Center Studs
- 3 3/8" Roof Decking
- 4 5000-lb. D-Rings (Best In Class)
- 5 Oversized Axles
- 6 Larger Holding Tanks
- 7 5/8" Tongue-and-Groove Flooring
- 8 Gelcoat Fiberglass Walls (STD on Boost FW & TT and Micro Boost FW / OPTIONAL on Micro Boost TT)
- 9 NXG Frames
- 10 Cable Slide Systems Main Floor

CONSTRUCTED TO **LAST**:

NXG frames are constructed with High Strength Low Alloy (HSLA) prime steel with specifically controlled properties.

Holding tank capacities are best in class allowing you to better enjoy your Toy Hauler experience without frequent interruptions to drain or fill the liquids. 86-gallon fresh tank standard on Boost.

Heavy-duty LCI® axles offer you the best in class carrying capacities.

Stainless steel kitchen and bathroom sinks, with residential faucets, provide modern appointments to hold up to all the activities like home.

15K AC STANDARD

Our Furrion brand, aerodynamically designed, and powerful air conditioners are engineered with dual fans to increase cooling efficiency and lower operating noise. They keep humidity out in dry mode as well!

COMPRESSOR REFRIGERATOR

Our energy-efficient, 10 cu/ft, (16 cu/ft on Boost FWs) road-ready 12-Volt compressor refrigerator has integrated RV travel door latches, LED lighting, adjustable glass shelving, and clear door bins. Plus an off-grid feature to conserve energy (29XLRE shown).

TANKLESS WATER HEATER

With our Furrion brand tankless water heater, compact design is enhanced with safety features. It's easy to use as you enjoy an endless flow of hot water when you need it.

SPEAKERS

Our new Furrion brand speakers are ready to take on anything Mother Nature throws your way. These powerful speakers feature waterproof motor structures, a one-piece cast polymer basket, a sealed magnet and rubber surrounds.

Renewable Energy Package is STD with a 200W Solar Panel, 30AMP Control Board for growth if desired, a battery for demo and display at dealership. A system harnessing natural energy for the 12V system.

Body Armor Underbelly is a PVC laminated to a foil radiant barrier insulation to ensure the protection of your undercarriage and improve your in-cabin comfort.

Our Nitro-Fill™ radial tires offer a "No Excuses Guarantee" unmatched in the industry.

XLR continues to offer the strongest 5,000-lb. tie-down anchor system in the industry to secure your precious cargo.

Our 1.5" fresh water drain provides a lightning fast way to empty your tank.

5/8" tongue-and-groove plywood caps the traditional wood constructed floor structure.

BOOST

FLOOR PLANS

These 102" Wide Body Boost Travel Trailers and Fifth Wheels are four-seat side-by-side ready! The increased 87" ramp door opening on Travel Trailers and 96" on Fifth Wheels allows for an assortment of equipment you can take with you.
