2024 TRAVEL TRAILERS

About Basecamp

Built for those who want the most out of their outdoor experience, Basecamp gets you closer to the adventure than you ever thought possible. A small camping trailer that's tough enough to go anywhere your wanderlust takes you, Basecamp lets you bring along the comfort so you can focus on enjoying your time while you're there. Hit the slopes in search of fresh powder. Spend a week mountain biking deep in the forest. Bring along the climbing gear and tackle the crags. Basecamp is true to its name: It's your personal, mobile outpost – and it's ready for whatever adventure you have in mind.

- Two floor plans, endless possibilities: Choose from the compact 16-foot floor plan of Basecamp 16 or the expanded 20-foot Basecamp 20.
- The rugged, optional X-Package lets you go further afield in search of the best outdoor experiences.
- Easily towable by many mid-sized trucks and SUVs.
- Aggressive departure angle is made for tackling uneven terrain.

How It's Made

Informed by more than 90 years of quality craftsmanship and expert design, Airstream travel trailers are hand-made in Jackson Center, Ohio. Only the best materials are used – from seamless, waterproof composite flooring, to the hardware and finishes we use to build our cabinetry, to the rivets and aluminum that form the shell. In building our world-famous travel trailers, we rarely do things the easy way. That's why an Airstream travel trailer can last a lifetime – or more – and be passed down from generation to generation for years of enjoyment.
