41FKRB - Tiramisu Cabinets with
SymphonyDinette Chairs and Pewter (Leather)

Room to live.

Established in 2003, DRV Luxury Suites has set the gold standard for those who dream of owning an unparalleled fifth wheel or luxury asset hauler. Our secret? It starts with you, our valued customer. We listen intently to your aspirations and desires, then pull out all the stops to craft the high-end fifth wheel of your dreams — one that stands for unwavering quality, residential-grade construction, and opulent features. We deliver without compromise, complete with customer service that exceeds expectations, and all-season livability for a truly fulfilling full-timing experience.

Choosing DRV means more than acquiring a luxury fifth wheel; it's about upgrading to a distinguished lifestyle on the move. With DRV, you gain not just a vehicle, but a steadfast companion that assures safety, comfort, and peace of mind, regardless of where you're headed. As you're now poised to indulge in the finest moments of life, opt for the luxury coach that embodies freedom with every mile traveled.

Mobile Suites

41 FKRB

Step into the extraordinary with the **DRV 41FKRB**, a front kitchen floorplan that redefines what it means to live luxuriously on the road. Indulge your inner chef in a gourmet kitchen designed to impress. Featuring a **residential 20 cu.ft. refrigerator**, a **four-burner stove**, and a **convection oven**, this space is ideal for creating memorable meals. The kitchen island, with its **overhead exhaust fan**, doubles as a functional centerpiece. Abundant cabinetry and **solid-surface countertops** ensure you have room to store and prepare all your favorite dishes. Cleanup is a breeze with the **large-basin sink** and integrated **dishwasher**.

The open concept transitions seamlessly from the kitchen to the living room, where thoughtful details create a haven for relaxation and entertainment. A **breakfast bar** overlooks the living area, offering a perfect perch for morning coffee. The spacious seating arrangement includes a sofa bed and **dual recliners**. Whether hosting guests or enjoying a quiet evening, the **entertainment center**—complete with a large-screen smart TV, electric fireplace, and Bluetooth soundbar—elevates every moment. Need a workspace? A built-in desk offers a functional solution with power outlets and cord management, or it can be replaced with additional seating or a dinette.

The **DRV Luxury Suites 41FKRB** is more than a fifth wheel—it's a statement of style and sophistication. Whether you're entertaining friends or relaxing in solitude, this model is your ultimate home away from home.

with Nutmeg (Leather) Sofas

All The Luxuries of Home While You're On the Road.

The Mobile Suites is the foundation of DRV. It offers the comforts of home, including the conveniences of a residential kitchen, a master suite complete with a king sized bed and large bathroom, full washer and dryer connections in every floor plan, and the peace of mind that comes from knowing you've chosen the best construction available.

You expect the pinnacle of form, function, and design. By valuing and incorporating feedback from our customers, we have elevated our Mobile Suites to unprecedented heights.

Mobile Suites

Mobile Suites

36DRSSB3

With DRV... you can have more.

Every model is equipped with a 20 cubic foot residential refrigerator, a residential-style gas oven, a stainless steel dishwasher, a convection microwave, soft close dovetail drawers and soft close doors. The interiors boast hand-laid rigid core plank flooring throughout the main floor and upper deck, complemented by a custom tile backsplash on solid surface countertops.

King beds are a standard feature in all floor plans, accommodating full under-bed storage which is ideal for those who live on the road as they navigate varying climates. Each master retreat includes nightstands, over-the-bed storage, and independently controlled reading lights on each side of the bed, enhancing both functionality and comfort.

The foundation of true freedom.

If there's one thing we've learned after all these years on the road, it's this: People choose DRV Luxury Suites because they're ready to *enjoy* life. They don't want to spend their time worrying about things like quality, construction and service. Which is why we put so much thought into them in the first place. Every DRV product is built to *last* — with our unique triple-stacked box tube frame, the thickest sidewalls in the industry, screwed and glued aluminum framing for unshakable stability, and dozens of no-excuses features that'll keep you safe, comfortable and worry-free, even when Mother Nature's at her worst.

Technology

State-of-the-art Level-Up™ leveling system and industrial hydraulic system. Level your coach with the push of a button.

Automotive style Kodiak® disc brakes. Limited lifetime warranty; smoother stopping; shorter stopping distance; low maintenance cost.

Heavy duty H-rated 17.5" tires and aluminum eight-bolt wheels. Heavier load capacity. Special tread pattern to dissipate heat. Tires are regroovable for miles and miles of safe use. Wheels are lightweight and will not rust.

SeeLevel tank monitoring system. Uses sonar to provide instant and accurate readings of all tanks.

ASA Voyager® 270 camera system. For better RV maneuvering and visibility on the road, the ASA Voyager® 270 camera system features a three-camera bird's eye view, turn signal triggers and audible blind spot alerts.

Structure

Custom engineered and tested 15" triple steel box tube chassis. Super strong foundation to build a lasting, high quality fifth wheel.

All-weather heavy duty aluminum floor system. The floor is screwed and bolted together and will not rot over time. We also refuse to use staples which eventually work up through the floor covering.

R-29 insulated frame floor system with three weather barriers. Warm floors for extended or full-time use; keep out condensation.

Slide floors will feature a water-resistant composite subflooring, which is lighter than traditional plywood and offers superior adhesion and durability against moisture. This lightweight material also contributes to improved fuel efficiency and allows for more cargo capacity.

At DRV Luxury Suites, we build each fifth wheel the same way we'd build our own home. And we appoint it with the finest luxury features available — lush homelike furnishings, fireplaces, large French door refrigerators, stainless steel appliances, top-of-the-line electronics and more. Then we back it up with the best quality control and customer service in the industry. Every single coach is tested before it ever leaves the factory. And, if you should someday have a problem, rest assured, we'll get it fixed. No matter where you are. Day or night.

Livability

Screwed and glued construction. Solid; 16" o.c. stud spacing.

3.25" aluminum framed walls with R-16 insulated rating. Exclusive foam core vapor barrier. Lightweight; lower heating and cooling cost; noise reduction; eliminates chance of condensation.

Radiused aluminum roof rafters on 16" centers. More space; more insulation; improved water run-off; maximum load capacity per square foot.

R-25 insulated roof system with plywood and rubber or fiberglass covering. Improved weather barrier; sound deadening; low maintenance; lower heating and cooling costs.

Soft touch interior ceiling. Sound proofing; easy to clean; extra insulation.

Refinements

Conveniently located wall switches control all lighting. Fingertip control of all task and decorative lighting.

Overhead batten strip LED room lighting on dimmer switches. Personal light control.

Designer cabinet doors and soft-close dove tail drawers and doors. Optimal storage; residential look; residential function.

NOTE: Some features shown are exclusive to specific makes and models. Please review the complete Standards and Options list for availability.

- Automotive disc brakes
- Furnace return air replaceable filter
- Oversized basement storage doors with gas lift cylinders
- Custom painted exterior
- Tough-skin, specially coated rock guard

Flooring

A Step Above in Style and Functionality

Say goodbye to outdated carpeted slide rooms. Our innovative flooring design eliminates carpet from all slideoutes, creating a seamless, modern aesthetic that's easier to maintain. Additionally, we've removed heat registers from the floor in most floorplans, resulting in a clean, uninterrupted surface that enhances the elegance of your living space.

Sleek and Sophisticated Bathroom Design

Indulge in luxury with our new **Floating Vanity**, a striking design that brings a modern edge while maximizing floor space.

Enhanced Ambiance with Modern LED Lighting

Experience a brighter, more inviting atmosphere with our upgraded **Dimmable Batten Strip LED** Lighting, which replaces traditional puck-style lights. This sleek, contemporary dimmable lighting solution illuminates your space with style and efficiency, perfect for creating an elegant ambiance.

Appliances and Kitchen Details.

Premium Appliance Package

Our DRV Luxury Suites. Equipped with a premium Residential Appliance package—including a refrigerator, microwave, and range—your kitchen is ready for gourmet meals and effortless convenience.

Take your culinary experience to the next level with the **Kohler Residential Pull-Down Faucet** and **Kohler Brand Residential Workstation Sink**, designed for seamless functionality and modern elegance.

When it's time to unwind, immerse yourself in superior sound quality with the **Klipsch Audio Soundbar**, delivering unmatched clarity and depth for an elevated entertainment experience.

Dovetail Drawers offer enhanced durability and craftsmanship, combining both style and function for a refined kitchen experience.

Awnings

Sleek and Effortless Awning Design

Take your outdoor living to the next level with **Girard Legless Awnings**. These sleek, modern awnings extend and retract smoothly, offering shade and comfort without the bulk of traditional legs, allowing you to enjoy the outdoors with maximum convenience.

Stacked triple-tube steel frame for 15" of maximum strength; the largest foundation on any fifth wheel in the industry.

Pinless hydraulic jacks are mounted at a 5-degree angle for maximum stability.

Commercial hydraulic rack & pinion slide-outs. All gear boxes are located inside the frame for the ultimate weather protection.

Residentially hung sidewalls are carriage-bolted into the floor for solid construction and superior strength.

R-16 residential insulation completely surrounds all of our walls and slides. Best insulation in the industry and eco-friendly!

Solid Box Steel Frame

The foundation is the most important part of your home. It needs to be strong, reliable and able to last the test of time. DRV's custom-engineered 15" triple box tube frame measures 101" wide – the largest, most rigid fifth wheel frame in the industry. This design eliminates flex around the pin box and allows us to frame even the upper deck with steel to open up the storage compartment, providing you with space to fit all your personal belongings.

DRV 6-Jack Level-Up System

Designed by DRV, our 6-jack level-up system provides quick and easy leveling and the strength to stabilize the coach when set up.

Our 3 1/4" walls are the thickest in the industry, giving you maximum insulation from noise and weather. The exclusive foam core vapor barrier eliminates condensation.

MORryde® I.S. Suspension eliminates the axle and leaf springs, allowing each tire to work independently. With 5 1/2" of travel per assembly, MORryde® I.S. will absorb road shock and protect your home for its lifetime.

Commercial E-Z Lube® hubs surrounded by 8 large 5/8" stud bolts and standard automotive disc brakes round out the safety features of every DRV unit.

Heavy-duty 17.5" tires provide increased load capacity while staying cool on long hauls. We use truck tires, not RV tires, to ensure better performance and peace of mind.

A copper water manifold comes standard, ensuring equal water pressure throughout your home. And each water line is clearly labeled and has its own shut-off valve, allowing you to isolate a single line without shutting off water to the rest of your home.
